About Us

Alt Academy is an EdTech platform dedicated to digitising O & A Level exam learning and preparation for students worldwide. Our subscription-based platform gives learners access to high-quality courses and a wide range of resources, available anytime, anywhere.

We empower learners with flexibility — the ability to balance academics, extracurriculars, and personal life, all while maintaining top grades. Our asynchronous content enables learners to study, practice, and revise at their own pace, without waiting for a teacher's availability.

Created by O & A Level experts with over 20 years of experience, Alt Academy fills the gaps in traditional learning, providing a comprehensive, all-in-one solution to help learners succeed, wherever they are.

The Founder

Bilal Hameed

CEO

Bilal Hameed, Founder and CEO of Alt Academy, is a visionary leader dedicated to transforming education through technology. With over 20 years of experience, Bilal has taught 10,000+ students across 23 countries and amassed 2 million+ YouTube views. He's also the founder of The Ivy School, and has previously founded Cedar College, and Nixor College in Karachi.

Driven by a passion for innovation, Bilal combines his technical expertise and entrepreneurial spirit to create scalable, tech-driven education models. Today, Alt Academy serves over 60,000 students, across 101 countries globally, delivering exceptional educational outcomes.

Co-Founder

Yawer Hussain

COO

Yawer, Co-Founder of Alt Academy, is an expert in curriculum development, instructional design, and business management. He designs and advises on asynchronous learning programs, benefitting over 10,000 students. At Cedar College, Yawer revolutionized A Level Business Studies with hybrid learning methods that boosted student engagement.

With a background in Economics and Human Resource Management from the University of Waterloo and professional certifications from Cambridge International, Yawer combines academic expertise with business acumen, having held roles at JS Investments and UBL Fund Managers.

Our Philosophy

At Alt Academy, our philosophy revolves around empowering learners with the flexibility and resources needed for success. We believe education should adapt to the student, not the other way around.

By offering asynchronous, high-quality content, we give O & A Level learners the freedom to learn at their own pace, balancing school, extracurriculars, and personal development.

With over 20 years of experience, we're committed to bridging the gaps in traditional education, providing expert-driven solutions that help students excel academically and beyond.

Features

Bite-Sized Video Lessons
Crystal-clear, expert-led lessons that cover the entire syllabus, caped at 15 mins each.

Past Paper Mastery
Past papers solved step-by-step, in both video + PDF format, teaching the exact logic for A*s.

Revision Guides & Notes
Exam-focused notes and guides that make revision simple and stress-free.

Live Tutorials & Sessions
Interactive expert-led sessions on past papers, tricky topics, and exam strategies.

Worksheets & Chapter Tests
Apply learning with organized worksheets and timed tests built for exam mastery.

Academic Support
Get real help instantly — subject experts answer questions with detailed feedback.

Custom Built AI Tools
24/7 AI tutors for instant answers, essay feedback, and personalized study plans.

Timed Crash Courses
Structured 45-, 60-, and 90-day plans that turn exam prep chaos into daily smart progress.

Expert-Led Material

Built on 20+ Years of Mastery.

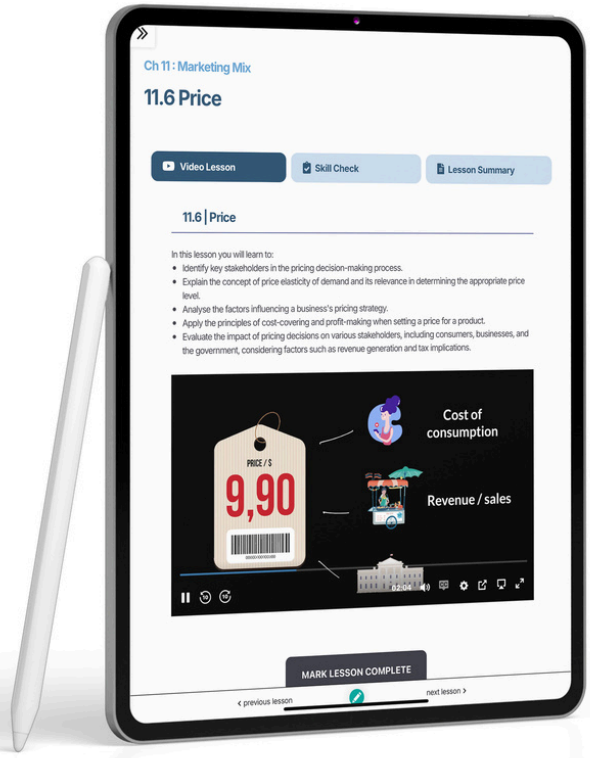

Every piece of content on Alt Academy is built and refined by seasoned O & A Level educators with over 20 years of teaching experience.

Their deep subject expertise shapes every stage of our process — from course planning to content verification — ensuring each learner benefits from the same precision and quality that define top-tier classroom teaching.

Each syllabus learning outcome is mapped into a structured course plan, then transformed into concise 15-minute expert-led lessons, verified against trusted academic sources for complete syllabus coverage. Every question, skill check, and past paper is reviewed by subject experts to guarantee accuracy and relevance.

Through continuous quality audits and data-driven improvements, we ensure every resource meets our benchmark of excellence. Lesson designs draw directly from past paper trends, so each topic aligns perfectly with real exam expectations.

At Alt Academy, expertise isn't an afterthought — *it's built into every lesson*, giving students the clarity, structure, and confidence of learning from true O & A Level specialists.

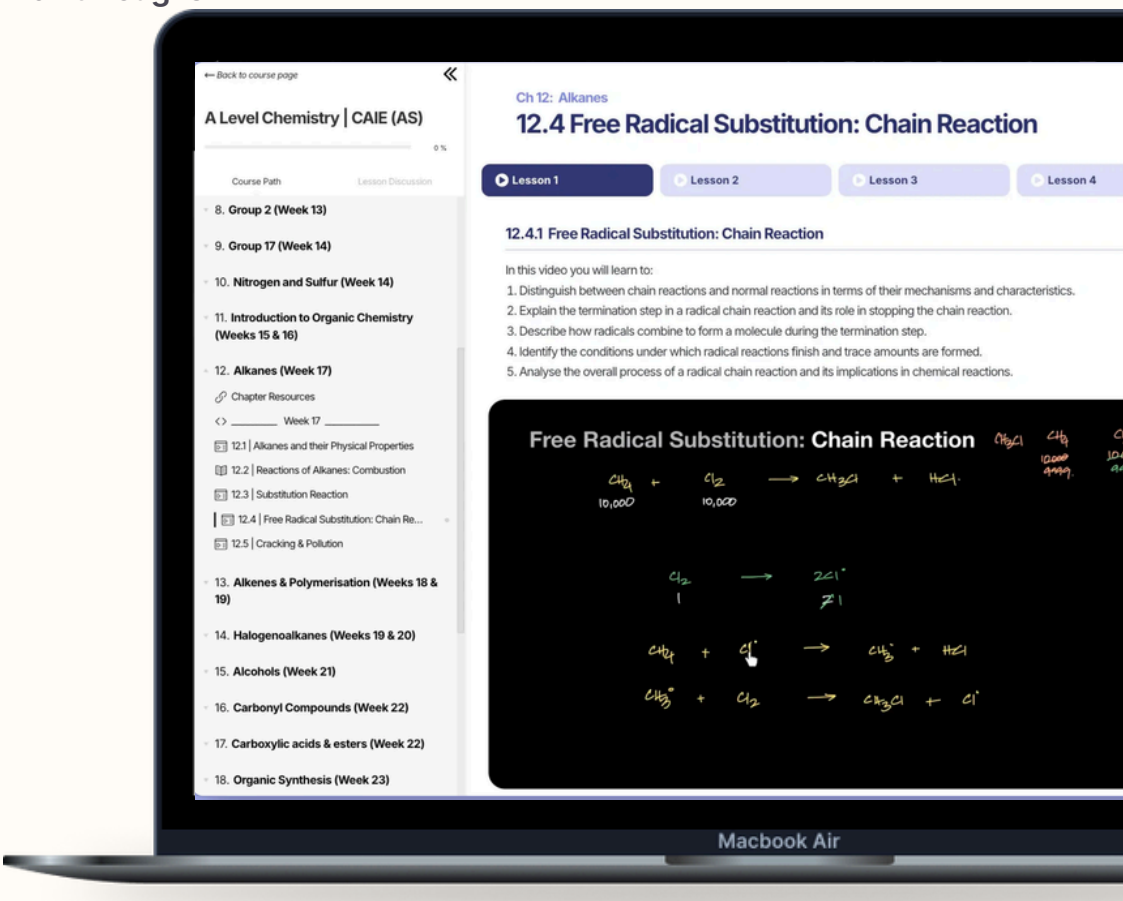

Epic Courses

All-In-One Solution.

Our *all-in-one* learning platform brings every O & A Level subject to life through expert-led courses that cover the entire syllabus. Each course combines a full suite of interactive resources designed to build confidence at every stage of learning:
Learn → Practice → Revise → Excel.

Each subject course on Alt Academy entails:

- **Expert-Led Video Lessons**
- **Interactive MCQs**
- **Worksheets & Chapter Tests**
- **Lesson Summaries & Chapter Notes**
- **Solved Past Papers (PDF)**
- **Past Paper Video Walkthroughs**

Unlimited Support

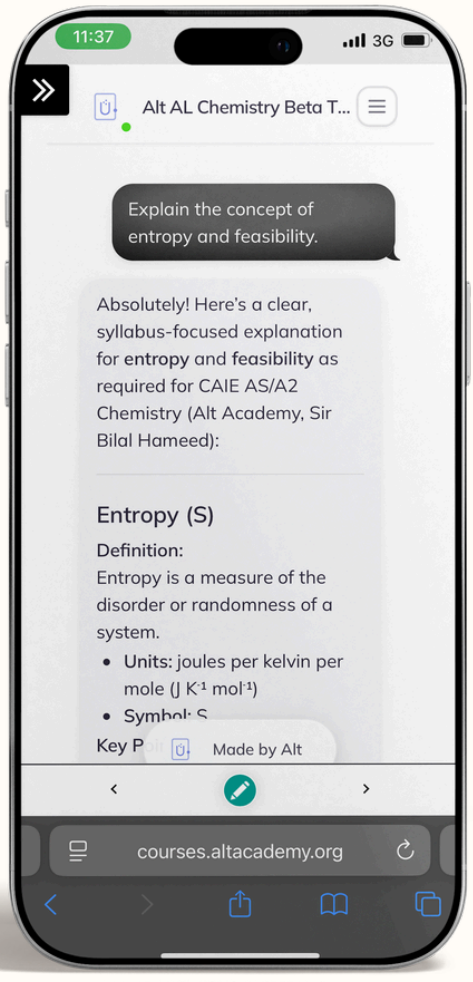

Always Connected. Never Alone.

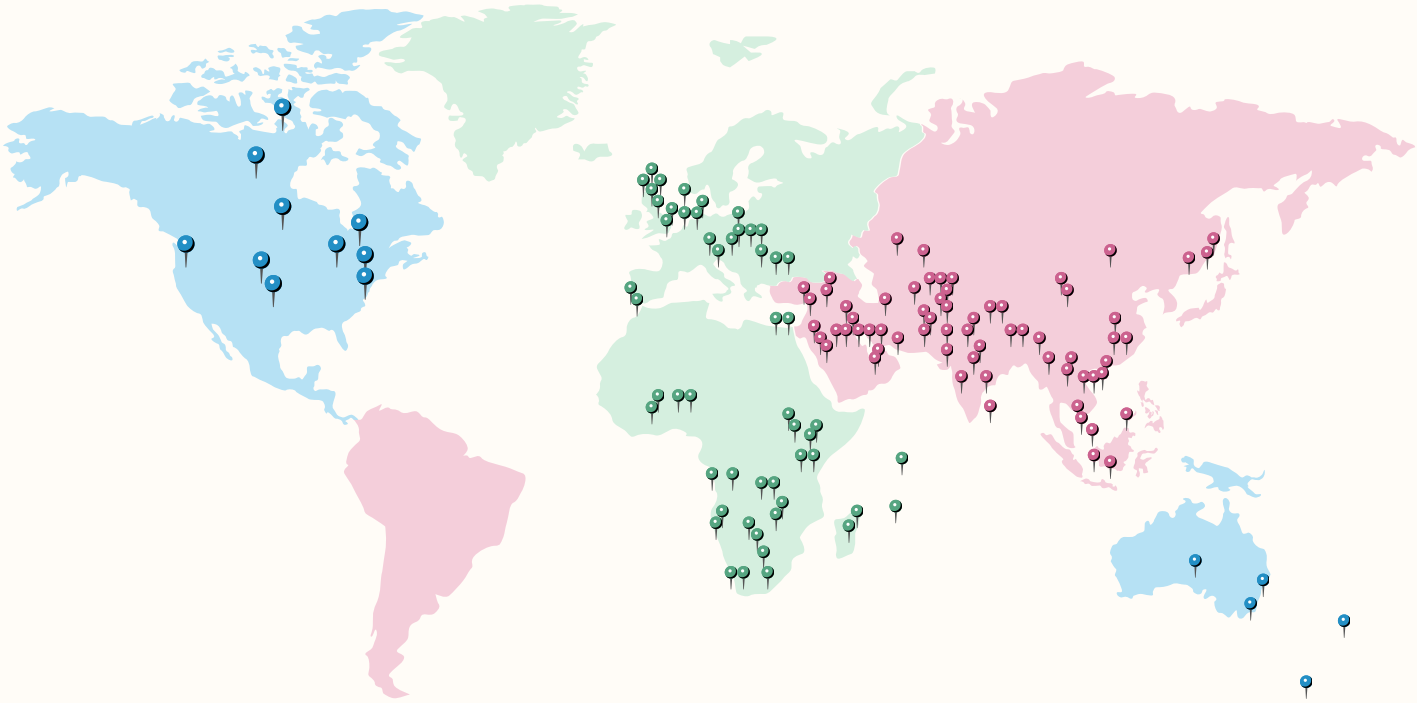

Though Alt Academy is an online platform, our learners are never disconnected — not from teachers, not from peers, and not from progress. We've reimagined support for the digital age, making help instant, personal, and always within reach.

Students can access guidance anytime through our custom-built AI tools, designed to do far more than answer questions. These tools can solve past papers step-by-step, build personalized study plans, and teach concepts interactively — replicating the clarity and depth of a real classroom.

Each subject also has its own expert mentors, available on demand for academic support. And through subject-specific WhatsApp communities, students can engage directly with peers and instructors — exchanging ideas, clarifying doubts, and staying motivated together.

At Alt Academy, support isn't scheduled — it's seamless, intelligent, and always on.
